Cat® 587T Pipelayer

ITEM NUMBER
85272c

Scale 1:50

9 x 4⅛ x 4 in.
229 x 105 x 100 mm

The Cat 587T Pipelayer is a specialized machine used for laying pipelines, lines, and trenches. It is typically equipped with a large-capacity load and a stable structure, allowing it to perform excavation, support, and laying tasks in complex construction environments.

The main uses include laying various types of pipelines (such as water supply, drainage, electricity, telecommunications, etc.), moving and adjusting pipeline positions, and providing efficient and precise pipeline installation support in construction and infrastructure projects.
